

From inception to conclusion

Bridgewater is a licensed, insured, and bonded general contractor that provides all aspects of commercial construction and renovations to business owners and developers. We work closely with you and your architect to ensure that your project is constructed the way it was intended.

We specialize in all aspects of commercial building including: new construction, renovation, tenant build-out, and building repositioning. We are a leader in innovative building - both from how you purchase your construction to the building process itself.

We understand it's a competitive field and keeping projects ahead of schedule and under budget is paramount. Our company culture is one of always looking to bring better value and timeliness to our clients' projects. At Bridgewater we understand that efficiency is critical to bringing your project to life.

Utilizing the latest in Project Management techniques, Bridgewater is at the cutting edge of a modern approach to teamwork and is better able to serve our projects and clientele with up to the minute project information to ensure that we can deliver your project on time and with quality and care.

BRIDGEWATER IS ABLE TO ASSIST IN BRINGING YOUR PROJECT TO LIFE
