CONTINENCE CARE SOLUTION FOR SENIOR LIVING

Personal continence care is the leading factor in the loss of dignity and independence for many seniors.

At Brondell, we believe everyone has the right to total health, comfort and independence, especially when it comes to their personal bathroom experience. This is why we're proud to offer these cost-effective solutions for returning dignity and independence back to the bathroom experience.

With the comfort and convenience of electronic bidet toilet seats, residents are able to enjoy the benefits of better bathroom hygiene and autonomy. Senior living communities also benefit from residents' independence in several ways including:

- 01 Safety in the bathroom for residents and caregivers, reduces fall risk for residents and injury for caregivers
- 02 Greater resident retention and satisfaction
- 03 Greater caregiver retention and job satisfaction
- 04 Market differentiation
- 05 Higher NOI associated with longer independent living

For over 16 years, we at Brondell have been a pioneer to improve the lives of our customers.

Our Swash 1400 electronic bidet toilet seat is one of the best tools and simplest solutions for returning dignity and independence back to the bathroom.

Whether you're looking to upgrade and improve the bathroom experience for your residents and caregivers or simply want to enhance the design of your senior living community, Swash comes with everything you need for a quick and easy install with no plumber needed.
