

## “MY CONFESSION TO YOU...”

Dear Friend,

When I meet people across the country, they usually see me and ask what I do for a living. I go into depth about my business and they come out to say, “Oh... you’re the money coach!” Well, I want to tell you a little more about me, and why I do what I do.

The guy in the picture is me. The amazing woman to my right is my wife, Terri; she is my backbone. When we met back in 1995, I was a chiropractic student in St. Louis, MO. I spent 14 years as a chiropractor and chiropractic coach (in what seems like a previous life at this point). Over the course of these years I had two beautiful children, moved to Kansas City and owned several chiropractic offices. I am also a licensed airplane pilot. So, it didn’t take me long to acquire almost 1 million dollars in third party debt.

Back in 2006 I attended a chiropractic seminar.

This was the first time I was introduced to *The Money Multiplier Method*. I sat through the whole presentation and thought, “Wow. This is cool but, it seems too good to be true.” I went home after the seminar and carried on with my usual routine of life. 2008 rolls around and I go back to the chiropractic

seminar I attended 2 years earlier; I saw a lot of my friends and colleagues. They were hooting and hollering about how well their wealth was growing, how they were recycling and recapturing their money, and keeping it in the family. I thought to myself, “Well, maybe 1 or 2 of my colleagues were lying to me but not 10 to 12 of them...” This is when I started to listen up! **After implementing this concept, I was able to pay off \$984,711 in 3rd party debt in 39 months.** I became so passionate about how powerful this concept was, I began to share it with others.

It was when my previous mentor told me that I had successfully referred over forty-one new clients into the system, that I took his’s advice and started the journey to becoming licensed myself. My main goal in making this move was simply to help more people understand how to manage and grow their wealth. I wanted to spread the knowledge of how your money *REALLY* works.

For the last 5 years, I have been teaching the dynamics of *The Money Multiplier Method*. **It is my duty to help individuals break the bonds of financial slavery and taking control of their own financial life.** I have a

passionate belief that whether you make \$10/hour or \$10,000/hour you should know and have this powerful information.

Here is what some of my clients have to say:

*“You always look for a good startup company that holds integrity and customer service paramount in their corporate identity. The Money Multiplier is that company and I am excited to be a member. Brent and his team have a compassion, patience and expertise to allow you to fulfill your financial goals unlike any other financial tool that I have encountered. You cannot lose with the Money Multiplier team.”*

-Dwayne McNeil, Texas

*“I wish that I knew about this long ago. Now that I do know, Brent and his team are the ones to get it done. The Money Multiplier is a no brainer. There are no reasons not to do it.”*

-Jeffrey Reed, Connecticut

*“Love this concept, and the willingness to share with the ‘ordinary people’ like me.”*

-Wade Martial Arts, Oregon

My confession is that I did not create this concept nor is this concept on trial. **This method has been around for over 200 years!** Our tax code has only been around since 1913. This financial tool is accessible to anyone and everyone... the only problem is people just don’t know about it. The facts are: *The Money Multiplier Method* is what the rich do. As Warren Buffet said it best, “if poor people would just do what rich people do, they wouldn’t be poor anymore.” How simple is that?
