

Talk about making the right choice

There's no need to let hearing loss impact the connections that matter most in life. Whether it's with loved ones, friends, business contacts or healthcare professionals, it's our ability to connect, communicate and collaborate with others that makes our lives whole.

For people with hearing loss, a simple thing like a telephone conversation can become an obstacle. But with the right technology, that obstacle melts away, leaving healthy connections that matter.

FEDERAL LAW PROHIBITS ANYONE BUT REGISTERED USERS WITH HEARING LOSS FROM USING INTERNET PROTOCOL (IP) CAPTIONED TELEPHONES WITH THE CAPTIONS TURNED ON. Advanced speech recognition software is used to process calls, and, in certain circumstances, a live communications assistant may be included on the call. There is a cost for each minute of captions generated, paid from a federally administered fund. To learn more, visit fcc.gov. Third-party trademarks mentioned are the property of their respective owners. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks is under license.
